Season Outlook

Terps Aim For Return To NCAA Tournament In Final Year At Cole Field House

Terrapin women's basketball fans have a lot to be excited about, as Maryland embarks on a season of boundless potential, countless milestones, and numerous special moments. Why is it a great time to be a Terp? The question should be, why isn't it?

Maryland returns 11 of 12 letterwinners, including every starter, from a team that went 17-12 last season and made the program's 17th national tournament appearance. With that stable of talent intact and the addition of two newcomers, the Terrapins are back on the national scene, as proven by their Top 20 ranking to start the season.

This year, the Terps have recommitted themselves to doing what it takes to control their own destiny. This year, it's not about luck. It's about the Terps elevating their game each time they take the court, reaching for the pinnacle of excellence they have worked so hard to achieve.

Guard

The Terps return 2001-02 leading scorer **Marché Strickland** to show the way for a host of talented guards this season. A senior, Strickland averaged 13.9 ppg last season, 14.6 in conference games, and was an ACC honorable mention selection.

"Marché is becoming a significantly better shooter and a better athlete, year after year, but this year because it's her senior year, she's made that extra commitment that it takes at this level," commented head coach **Chris Weller**, now entering her 27th year at Maryland. "She and the other seniors are coming into the year giving strong leadership for the newcomers."

Strickland, one of Maryland's most prolific shooters and one of the best in the country, is joined by one of the Terps' most efficient 3-pt. shooters in the program's history in junior **Terri Daniels**. Daniels' .481 3-pt. shooting average for her career is the best in Maryland history. The emphasis this year won't be on how well Daniels can shoot, but rather how often.

"I don't even think it dawned on her until the end of the year how good a three-point shooter she is. Not can be — is," said Weller. "Everyone's working on the thing that they need to improve upon. Terri Daniels needs to take more shots this year, and she will. She brings an energy to the team on and off the court in her personality. We're going to look to have that attribute be stressed more obviously in this year's team."

A familiar face returns for the Terps at the point guard spot in **Vicki Brick**. Brick, sidelined last season with a torn anterior cruciate ligament, brings an untiring work ethic to the team and was tops in steals and assists her freshman season, 1999-2000. Having one point guard of that caliber is exciting enough, but having two is a bonus. Maryland has just that with the return of ACC all-freshman team member **Kiki Wimbush**. Wimbush consistently ranked among the top point guards in the league in assist-to-turnover ratio as well as assists per game.

Guards

5	Terri Daniels	5-11	Jr.	Ellicott City, Md.
12	Vicki Brick	5-7	R-So.	Timonium, Md.
20	Marché Strickland	5-9	Sr.	Kingston, Mass.
21	Renneika Razor	5-8	Jr.	New York, N.Y.
31	Anesia Smith	5-10	Fr.	Alexandria, Va.
41	Kiki Wimbush	5-8	So.	Suitland, Md.

"What will happen is that the two will embrace the concept of them being one entity in terms of making sure we have a great point guard on the court at all times, someone who's very fresh," commented Weller. "It should be our strength because we have the option to try some different things, whether we want to try and get a little bit bigger or whatever, we can do that."

When you talk about Maryland's guard lineup, it's hard to forget junior **Renneika Razor**, perhaps the most athletic Terp. Razor was a staple among the ACC's elite in steals, she accumulated 67 last season alone. According to Weller, "She's so quick and her technique is picking up to where she is becoming a really good defender. If she continues to work on finishing, her athleticism makes her an explosive force offensively and defensively."

Senior Guard Marché Strickland

Add Alexandria, Va., native **Anesia Smith** to the guard mix and things only get better. A scoring guard, she is a

freshman who will only add to the depth of the team and give the Terps another element on the wing. "She's quick and she's smart and she's a team player," says Weller of Smith. "It is going to be so competitive at the wing position that everybody will be firing on all cylinders.

Forward

Fresh off a tryout for the World University Games, senior **Deedee Warley** enters the 2001-02 season in the best shape of her college career after an offseason of intense training. A third team All-ACC selection in 2001, she also was an ACC all-tournament team selection and finished the season averaging 13.8 ppg. A presence on the block since coming to Maryland, the Terps added height and depth at that position in order to free up Warley for more of the mid-range jumpers that are her trademark.

"Deedee will be playing a much more flexible role for us this year. The flexibility because of the people around her and because of her own growth as a player to play at the three, four or five will completely take our program to another level and I think she's going to demonstrate that," commented Weller.

Jamecca Harrell, a starter in five games last year, is in her second and final year with the Terps. After playing her first two years at Independence Junior College in Kansas, Harrell is another player with a lot of flexibility.

According to Weller, "Last year you didn't see the versatility of those two young ladies (Warley and Harrell) by virtue of the fact that we needed them in the post. They can both step out and shoot, and they can both handle adequately. Jamecca has very good quickness and we would like her to be very versatile and take more shots this year as well."

Look for **Ije Agba** and **Brie Jackson** to provide a boost in practice and off the bench again at the forward position for the Terps. Agba, a senior, played in 11 games last year and averaged 1.6 ppg, while Jackson, a junior, made six appearances and added 1.5 ppg.

Sophomore **Kristy Gaines**, a transfer from Southern Mississippi, will sit out this year but should give the Terps more depth in practice at the forward position.

34	Deedee Warley	6-2	Sr.	Ft. Washington, Md.
50	Kristy Gaines	6-1	So.	Newnan, Ga.

Center

Starting center **Rosita Melbourne** is back again for the Terps, bringing a tremendous amount of athleticism as well as an unbelievable wing-span to the lineup. One of Maryland's Top 10 career shot blockers, she'll lead a trio of youthful talent on the block. The center position and the production from it will be a key for the Terps in terms of giving Warley more flexibility this season.

Senior Forward Deedee Warley

Sophomore **Crystal Washington** and freshman **Arek Deng** will round out the center position. Washington saw limited action last season, but has improved her finishing skills. Deng, a member of England's junior national team, brings a wealth of international experience. "We're trying to find within everybody that highest level of personal excellence and Arek is really in tune with that philosophy," according to Weller. "We're looking for good competition out of that spot, disciplined competition from Arek, Crystal and Rosita. That can only help our team in general."

Who's Got Next?

Many have picked the Terps to finish as high as third in the ACC, one of the toughest conferences nationally for women's basketball. In addition to the ACC schedule, the Terps have several exciting non-conference games and tournaments on tap. Maryland has been invited to the Coaches vs. Cancer Challenge, which will be held in Ames, Iowa, over Thanksgiving weekend. The tournament's championship game will be broadcast on ESPN and the tournament also features Mississippi State, DePaul and host Iowa State.

Maryland takes a break from non-conference action early in December for an ACC game with Clemson in College Park on Dec. 5. The non-conference action continues with Big Ten foe Penn State coming to Cole Field House on Dec. 8. Before the holiday break, Maryland will head to the warm weather of Cancun, Mexico, for the Cancun Tournament to compete against Eastern Michigan, Alabama, and Southern Methodist. After a short break for the holidays, the Terps take on the mighty ACC looking towards the ultimate goal of winning the ACC Tournament Championship in this, its 25th year of existence. Maryland has won eight titles in its history, the most of any program. To top if off, the Terps are looking for their 18th national tournament bid and with the talent Maryland has this season, the sky is the limit!

Special Moments

Aside from the special moments on the court, Maryland is primed for a season of memories off it as well. The Terps will play their final season in Cole Field House before moving to the state-of-the-art Comcast Center for the 2002-03 season. Also on the horizon is Chris Weller's 500th win, just 14 away heading into the 2001-02 season.

All told the Terps have one of the most exciting seasons in their storied history on tap for 2001-02. Now all they have to do is make it happen.

Cole Field House's Grand Finale

This year will be the final year of Maryland women's basketball in Cole Field House. Built in 1955, the Terps will say goodbye after this season and move to the state-of-the-art Comcast Center next season. Cole Field House will go down in history with countless magic moments including the first televised women's basketball game and an ACC-record 14,500 crowd for the Terps' game against Virginia in 1992.

Hicks Returns to Terps' Bench

Maryland alum **Jessie Hicks** joins the Terps again heading into the 2001-02 season, this time as an assistant coach. A two-time honorable mention All-American (1992, '93), Hicks is currently a member of the WNBA's Orlando Miracle.

Jessie Hicks

A Terrapin from 1990-93, Hicks is the Terps' fourth all-time leading scorer with 1,601 points for her career. In 1992, Hicks and the Terps went to the Elite Eight of the NCAA tournament. Head Coach Chris Weller enters her 27th season at Maryland, looking for her 500th career victory.

Chris Weller

Head Coach
27th Year at Maryland
Maryland '66

Averaging nearly 20 wins per season and having completed 26 seasons as head coach of her alma mater, there are not many, if any, college basketball experiences that Chris Weller has missed. Her achievements have been remarkable and her contributions to the growth of collegiate women's basketball are documented with the best known coaches in the game. She embarks on her 27th Terrapin season boasting, and hoping to build upon, the following list of notables:

• Weller is one of a very small handful of college coaches, men's or women's, to coach 25 seasons at the same institution.

• Weller became only the fifth NCAA Division I coach to earn at least 400 victories at a single institution.

• The Terrapins have been ranked in the Top 10 nationally nine times and the Top 25 on 14 occasions.

• Maryland earned a No. 1 ranking in the nation during much of the 1992 campaign.

• **She has guided the Terps to three Final Fours, eight Elite Eights, and 10 Sweet 16 appearances.**

• Maryland has won eight ACC titles, the most by any program. The Terps won the first ever ACC tournament championship in 1978.

• Weller-guided teams have advanced to national championship tournaments in 17 of the last 23 seasons.

• Every class of athletes that Weller has brought to Maryland has reached the NCAA or AIAW national tournament, and all but four classes since 1975 have participated in at least one Sweet Sixteen. All but five have advanced to the Elite Eight.

In addition to Weller's accomplishments, her players have experienced personal success as well. The Terrapin program has produced five Olympians, three Kodak All-Americans, 28 athletes who have participated on national teams and at least four players currently active in professional basketball. But Terrapin success goes far beyond the basketball court: it extends into the classroom as well. Since 1980, all but one athlete who finished her eligibility earned a diploma. This is a tribute to Weller's high expectations for her student-athletes both on and off the court.

Taking over the program in 1975 from Dottie McKnight, success came quickly for Chris Weller. The Terps produced a 20-win season her first year and advanced to the EAIAW Regional Tournament for the first time in program history. The following season she coached the Terps to a final season ranking of 13th, the first of eight consecutive seasons the Terps finished ranked in the Top 20. In 1978 Maryland made its first trip to the national championship recording a 27-4 record, winning the first-ever Atlantic Coast Conference championship and advancing to the AIAW Final Four in Los Angeles, Calif. Maryland went on to win four more conference championships in the following five years along with its second trip to the Final Four in 1982. Maryland advanced to the Sweet 16 both in 1983 and 1984 and the Elite Eight in 1988. The 1989 squad won a school record 29 games that included a 21-game win streak, advanced to the Terps' third Final Four appearance and finished fifth in the Associated Press poll. Maryland averaged a school-record 85.3 points per game in 1989, outscoring its opponents by an average of 19 points per game. Weller was named the ACC and American Sports Foundation's National Coach of the Year in 1989.

Ranked 15th in the 1992 preseason poll, the Terps reached the No. 1 ranking in both the Associated Press and USA Today polls for the first time in school history. On January 21, with a record of 15-1, the Terps garnered the top spot and stayed No. 1 through February 11. During that stretch, the largest crowd to ever witness a regular season ACC game took place when the No. 1 Terrapins met the second-ranked Virginia Cavaliers before a sellout crowd of 14,500 at Cole Field House. Maryland finished the season with a 25-6 mark and a final ranking of No. 8. Weller was honored by the press and coaching fraternity for her efforts. She was recognized as the 1992 Naismith National Coach of the Year, the Basketball Writer's Association of America National Coach of the Year, as well as the Atlantic Coast Conference National Coach of the Year.

Maryland appeared again in the NCAA championship in 1993 and 1997, as well as the WNIT quarterfinals in 2000.

Last season, Weller led the Terps were back in the NCAA tournament, receiving their 17th postseason bid. The 2000-01 season was highlighted by sweeps of ACC foes Clemson and NC State. All four wins came when the teams were ranked in the

Top 20.

Weller's basketball knowledge and coaching expertise has extended beyond the confines of Cole Field House. She was an assistant coach for the U.S. National Jones Cup Team in 1985 and the head coach of the U.S. Select Team in 1986, 1992 and 1994.

Weller has dedicated herself to the growth of women's basketball in the state of Maryland promoting the formation of the Maryland Coaches' Association. Nationally Weller has served as the long-time chairperson of the WBCA Legislative Committee and has served as the EAIAW Basketball committee chairperson. Weller was also a member of the Kodak All-American Committee and the U.S. Olympic Committee.

A 1966 Maryland graduate, Weller was a four-year varsity letterwinner in basketball and also participated on the swimming and lacrosse squads. Following graduation, she taught and coached at John F. Kennedy High School in nearby Silver Spring, Md. Weller returned to Maryland for her master's degree in 1973 and became an assistant for two seasons under Dottie McKnight. In 1975, the Weller dynasty began as she was elevated to head coach.

Having extensive experience as a clinician and public speaker, Weller runs an annual summer camp on the Maryland campus.

Terps Back In NCAA Tournament, Finish with 17-12 Record

Maryland women's basketball (17-12, 8-8 ACC) season ended with a 83-69 loss to Colorado State in the first round of the NCAA Tournament in Storrs, Conn. For the Terps, it was their first trip to the "Big Dance" in four years, after earning an at-large bid in 1997. The Terps have been selected to the NCAA tournament 12 times, national postseason tournaments 17 times and have made it all the way to the Final Four twice. All-time, the Terps carry a 12-12 (.500) winning percentage in NCAA games.

Terps in the NCAA Tournament

The Terps' NCAA trip marked Maryland's 12th appearance in the NCAA tournament, including the first-ever tournament in 1982. That year, the Terps advanced to the Final Four. Maryland also made a Final Four appearance in 1989 and reached the Elite Eight in 1988 and 1992.

Warley 3rd-Team All-ACC, 2nd-Team All-Tourney

Maryland junior forward **Deedee Warley** was selected to the All-ACC third team for her accomplishments during the 2000-01 season, and received second-team All-ACC Tournament honors for her 26-point effort against NC State in the quarterfinals. Warley was the Terps' second-leading scorer, averaging 13.8 ppg and 6.4 rpg.

A key for the Terps all season, Warley posted eight double-doubles and notched four games with 20 or more in the scoring column. Maryland's presence inside, Warley started all but three of Maryland's games and led the Terps in scoring on 10 occasions.

Junior guard **Marché Strickland**, the Terps' leading scorer, just missed being a third-team selection herself. She garnered 45 points, which was just one short of making the third team. Sophomore **Renneika Razor** was also an honorable mention selection for the Terps in 2000-01.

Season Recaps

Game 1

Nov. 18, 2000
Washington, D.C.

Maryland 64, Howard 40

WASHINGTON, D.C.- Junior forward **Deedee Warley** scored 19 points to lead four players in double figures as Maryland (1-0) pulled away to a 64-40 win over Howard (0-1) in a non-conference opener for both teams at Burr Gymnasium. Warley finished with a 7-for-14 performance from the floor, and also grabbed 11 rebounds.

The first half was deadlocked until Warley led the Terps on a 10-2 run to end the half with a 28-20 Terrapin advantage. Maryland maintained a nine-to-12 point advantage through the first 10 minutes of the second half until a balanced attack proved to be the difference. Junior transfer **Jamecca Harrell** scored 12 points, with sophomore **Renneika Razor** and junior **Rosita Melbourne** each tallying 10 apiece. The Terrapins shot 53 percent from the floor, including 59 percent (13 of 22) in the second half, made possible by points in transition off Howard turnovers down the stretch.

The Terrapin fullcourt pressure forced the Lady Bison into 14 second-half turnovers, while limiting them to 28 percent shooting (19 of 66) for the game. Plagued by persistent foul trouble and crippled by a stifling Maryland defense, the Terps even held the Lady Bison scoreless for over six minutes. "That's our plan this year," said Harrell. "We have worked a lot on our defense in practice, because good defense is what it's going to take to win games."

Howard was led by Andrea Gardner, who had 18 points. Senior guard Channell Washington also contributed 13 points.

Game 2

Nov. 21, 2000
Baltimore, Md.

Maryland 65, Loyola 50

BALTIMORE, Md.- Junior guard **Marché Strickland** scored 17 of her game-high 19 points in the second half and Maryland used a 15-2 run midway through the half to take control as the Terrapins defeated Loyola, 65-50.

After a poor-shooting first half that saw Maryland take a 22-14 lead at halftime, Loyola's Shontrese Smith scored on a driving layup to tie the game at 31-31 with just over 13 minutes remaining in the game. But the Terps took control from there. **Terri Daniels'** three-point shot on the next possession stopped an 8-0 Loyola run, and the Terps (2-0) then scored 12 of the next 14 points to take a 46-33 lead on a **Deedee Warley** basket with eight minutes left.

Smith had a team-high 16 points for Loyola (1-1). The Greyhounds shot just 21-for-62 (33.9 percent) from the field for the game, including 7-for-27 (25.9 percent) in the first half.

Warley added 17 points and 10 rebounds for Maryland, her sixth career "double-double," and second in as many games this season. **Rosita Melbourne** also had 13 points for the Terrapins, who outrebounded Loyola by a 49-33 margin.

The game was tight early on until the Terps used an 11-2 run in the first half to take a 19-10 advantage. The teams combined for 43 turnovers overall, 28 coming in the first half of play.

Senior Erica Rath added 12 points and a team-high seven rebounds for Loyola, which shot just eight free throws to 31 for the Terps. Sophomore **Renneika Razor** had a game-high 11 rebounds for Maryland, six coming on the offensive glass.

Terrapin Classic Finals
Maryland 71, Delaware 70

COLLEGE PARK, Md. - Junior guard **Marché Strickland** buried a three-pointer with 12.5 seconds left to cap a wild second-half Terp rally as Maryland overcame a late deficit to beat Delaware, 71-70, and win its fifth consecutive home tournament dating to 1996. The Terps' 4-0 record to open the 2000-01 season marks Maryland's best start since it opened the 1991-92 season with a 9-0 record and won 20 of its first 21 games.

The Fightin' Blue Hens scrapped all the way back from being down by as many as 18 points in the first half and 11 points at halftime to take their first lead of the game at 60-59 on a Carrie Timmins three-point field goal with 5:16 left in regulation. Delaware continued to hold the lead for the next five minutes, taking a five-point lead on four different occasions. But Maryland fought back scoring the game's final five points on a pair of Warley free throws with 41.9 seconds left and Strickland's dramatic shot with 12.5 remaining.

Delaware had two chances to win the game in the final seconds, as Danielle Leyfert missed a jumper in the lane with six seconds left.

For the second-straight day Maryland jumped out to a large lead in the opening minutes. In the championship game, the Terps raced to a 22-4 advantage in the first 10 minutes, that came on the heels of Maryland's 27-2 opening lead over Wagner in the first round on Saturday, 89-44.

Game 8

Dec. 9, 2000
Chapel Hill, N.C.

North Carolina 87, Maryland 69

CHAPEL HILL, N.C.-The University of North Carolina women's basketball team opened it's game against Maryland with a 10-0 run and went on to earn an 87-69 Atlantic Coast Conference win. With the homecourt victory, UNC improved to 4-3 on the season (1-0 in the ACC), while Maryland fell to 6-2 (0-1 ACC).

The Tar Heels were led by sophomore guard Coretta Brown, who scored a career-high 27 points. Senior guard Leah Sharp added 21, also a career high.

Barksdale scored 13 points-including the first 10 of the game and grabbed seven rebounds in 15 minutes of play before she began to feel the effects of an allergic reaction. She suffered swelling in her face and neck and did not return in the second half.

The Tar Heels shot 56.0 percent from the field in the first half to take a 37-24 lead into halftime. Maryland coach **Chris Weller** said UNC's early run hurt her team, which came to Carmichael Auditorium with just one loss on the season. "Our team came in with confidence and when it happened like that so fast, it put us back on our heels," Weller said. "Plus we picked up a couple of fouls, and that set the tone for the rest of the game."

Maryland was led by junior **Marché Strickland**, who had a season-high 24 points. Junior **Jamecca Harrell** scored 12 and led the Terrapins with 10 rebounds. Maryland shot 34.7 percent from the field for the day, compared with 44.6 percent by UNC.

Carolina, which came into the game shooting 56.1 percent from the foul line, was 32-for-40 for 80.0 percent.

Game 9
Dec. 12, 2000
College Park, Md.

Maryland 73, Coppin State 42

COLLEGE PARK, Md.- Maryland's women's basketball team pulled ahead early and stayed in control the entire game as the Terps (7-2) dominated Coppin State (2-6) 73-42, at Cole Field House. Junior transfer **Jamecca Harrell** led Maryland with 16 points off the bench, while sophomore **Terri Daniels** dished out a career-high 12 assists.

"We were just putting the ball in the basket," commented Daniels on the Terps' 24 team assists on 28 made field goals. "We play team ball – we're all in it together. We just look for each other and put the ball in the basket."

The Terps jumped out first, with sophomore **Renneika Razor** earning the starting spot and putting Maryland on the board 40 seconds into the game. Razor scored eight of the Terps' first 10 points, and stretched the early lead to a 10-4 margin. She finished the night with 13 points and eight rebounds.

"The way you practice is the way you play in the game. If you don't make the lay-ups in practice, you're not going to make them in a game. It all starts there," said Razor of her four-for-five shooting from the floor in the opening five minutes.

The opening half was all Maryland, as the Terps' defense held Coppin State to 22 percent shooting from the floor (6-27) and just 13 first-half points. The Terrapins shot an exceptional 15-24 (62.5 percent) in the first half from the floor, and jumped out to the 22-point halftime lead.

Coppin State's leading scorer, Keisha Brooks attempted to close the gap in the second half with her 12-point performance, but to no avail as Maryland posted another 38 points en route to the 29-point win. Brooks ended the game with 15 points and 9 rebounds, one short of her fifth double-double of the season. The Terps won the battle of the boards 52-37, and shot 50 percent for the game.

Game 10

Maryland 80, Lafayette 61

COLLEGE PARK, MD.- Sophomore forward **Renneika Razor** poured in a career-high 25 points to lead Maryland's women's basketball team (8-2) to an 80-61 victory over Lafayette (4-6) at Cole Field House. Junior guard **Marché Strickland** also scored 19 for the Terps in the victory.

Maryland came out sluggish in the first half, but gradually built a lead that would total 17 points by the end of the half. Razor paced the half with her 7-7 performance from the floor to take the Terps into the locker room with a 42-25 advantage.

Lafayette whittled away the Terps' lead in the second half, keyed by a 14-point half by Leopard guard Jen Bayer. The Leopards would get no closer than eight points, thanks to a good shooting by the Terps and solid defense, which caused 26 Lafayette turnovers during the game. Strickland netted 10 in the second half, as did Razor, with freshman center **Crystal Washington** scoring a career-high 10 points. Sophomore guard **Terri Daniels** had another excellent outing, tallying nine assists to lead Maryland in that category.

Game 11
Dec. 27, 2000
Santa Clara, Calif.

Maryland 72, Santa Clara 50

SANTA CLARA, CALIF.-The University of Maryland women's basketball team (9-2) jumped out to a 10-0 lead in the first seven minutes and never looked back, beating Santa Clara (7-3) 72-50 on its home court. The Terps' opening run was keyed by two early baskets by **Rosita Melbourne**, who finished with a game-high 14. Julie Butler broke the drought for Santa Clara before back-to-back baskets by junior **Deedee Warley** and sophomore **Terri Daniels** stretched the lead to 13. A balanced effort offensively, and a stiffling defense that held the Broncos to 20-percent shooting and only 18 points, took Maryland into the half up 20 points.

The Terps came out slow in the second half, going scoreless the first 3:30 minutes. Santa Clara was unable to capitalize on the drought, however, and closed the gap to only 18 points before Maryland's **Marché Strickland** scored three of her 12 points to break the scoreless stretch.

Maryland's defense allowed the Broncos to get as close as 13, but the Terps held on for the win, paced by 10 points from sophomore forward **Renneika Razor** in the last six minutes.

For Maryland, the 72-50 win marked the sixth time this season the Terps have held their opponent to 50 or less points. Santa Clara falls to 7-3 on the year with the loss to Maryland.

COLLEGE PARK, Md. — Alana Beard scored 29 of her season-high 33 points in the second half to lead fifth-ranked Duke (16-1, 4-1 ACC) past Maryland (10-6, 1-4 ACC) 75-64.

Beard set a school record for points by a freshman and finished just four short of the overall mark. The 33 points were the most by an Atlantic Coast Conference player this season, and the ninth-highest total in Duke history. Beard scored Duke's only field goals in the final 11 minutes. In her last five games, Beard has totaled 122 points and topped 20 four times. She was 10-for-10 from the field, and 9-for-10 from the line in the second half.

The Blue Devils appeared to have broken the game open late in the first half when Iciss Tillis hit a 3-pointer that made it 28-19. But the Terps put together an 8-0 run, and held Duke scoreless until Duke's LaNedra Brown hit a shot at the buzzer.

Duke missed five shots and turned the ball over three times while Maryland rallied to tie it. Brown's basket, and a foul shot, made it 31-28 at the half.

Maryland trimmed the lead to a single point, but Beard scored at 19:08 to make it a three-point lead. The Blue Devils stretched the margin to 51-36 on a basket by Rometra Craig at 11:26, the last field goal by a Duke player other than Beard. Craig, also a freshman, finished with 10.

Deedee Warley had 14 points and 11 rebounds for Maryland, for her fifth double-double of the season. Maryland's leading scorer, Marché Strickland added 12 points, and sophomore Terri Daniels had 11.

Maryland 71, Wake Forest 61

COLLEGE PARK, MD.- The Maryland women's basketball team (11-6, 2-4 ACC) snapped a three-game losing streak, downing Wake Forest (9-8, 2-5 ACC) 71-61 in Cole Field House.

Wake Forest jumped out to an 11-point lead in the first seven minutes, paced by seven points from senior forward Brenda Mock Kirkpatrick. The Terrapins began chipping away at the deficit and brought the margin to a six-point Wake Forest advantage after a three-point basket from freshman point guard **Kiki Wimbush**. Wake's Heather Miller took the lead back to nine less than 30 seconds later, matching Wimbush's three-pointer before both teams fell into a three-minute scoring drought.

Freshman **Sarah Jenkins** nailed two free throws to get the Terps going again, but it was Wake Forest that would enter the half up 26-19 after nine first-half points from Mock Kirkpatrick and eight from Eafton Hill for the Deacs.

Maryland turned up the defensive heat in the second half, putting on the pressure and forcing Wake Forest into 12 second-half turnovers. The Terps found their rhythm on the offensive end as well, going on a 21-4 run over the course of seven minutes to stretch the lead to a 47-36 Maryland advantage at the 9:34 mark.

Wake Forest cut the lead to as little as seven, but could not handle Maryland's pressure down the stretch. The Terps showcased a balanced scoring effort, with four players in double figures. Wimbush led Maryland with 17 points and seven assists, while **Marché Strickland** finished with 13, and Jenkins netted a career-high 11 points. Junior transfer **Jamecca Harrell** added 14 points and 12 rebounds off the bench for her fifth double-double of the year.

For Wake Forest, Mock Kirkpatrick finished the night with a double-double, in a losing effort.

Game 20
Jan. 28, 2001
College Park, Md.

Maryland 55, North Carolina 53

COLLEGE PARK, MD.- The Maryland women's basketball team held on for the 55-53 win over North Carolina in Cole Field House. The win marked the first time in three years Maryland has beaten North Carolina.

In an evenly-balanced game that included nine ties and 19 lead changes, it was North Carolina that had the biggest lead of the first 20 minutes, when they pulled ahead six on a fastbreak layup from Coretta Brown at the 1:14 mark. A jumper from **Deedee Warley** with 13 seconds to play before the break brought the margin back to a four-point lead for the Tar Heels at the half.

The Terps and Tar Heels continued their see-saw battle throughout the second half. Carolina's largest margin in the second stanza was a six-point lead off the opening bucket of the half, courtesy of Tar Heel center Candace Sutton. The Terps tied it up at 17:55, and the back-and forth game began again until Maryland began to pull away with just over three minutes remaining for their largest lead of the game, a six-point advantage, on a layup from **Rosita Melbourne**.

Carolina pulled ahead with under a minute remaining on a three-pointer by Brown, who finished with a game-high 17 points. Maryland had plenty of time to get the equalizer, with sophomore guard **Terri Daniels** firing a shot at the 15-second mark from the baseline that was just off the mark. Warley was there for the put-back that eventually became the game-winner, putting the Terps ahead one with 13 seconds to play. North Carolina mounted one final charge that was stopped short by **Renneika Razor**, who made her third steal of the game her most potent pick-off. After intercepting Brown's pass, Razor raced for the Terps' end of the court where Brown fouled the sophomore and sent her to the line. Converting one of two free throws, Razor and the Terps held on for the final 1.3 seconds for their fourth-straight ACC win.

Game 21
Feb. 1, 2001
Clemson, S.C.

Maryland 68, Clemson 62

CLEMSON, SC- Marché Strickland scored 27 points, while Deedee Warley added 18 points and 10 rebounds, leading Maryland to a 68-62 victory over No. 17 Clemson at Littlejohn Coliseum. Maryland has now won five straight games.

Clemson was led in scoring by Chrissy Floyd, who scored 18 points, but she had just three in the second half. Erin Batth had a double-double with 10 points and 10 rebounds.

Maryland shot 50 percent for the game and out-rebounded Clemson by a 41-28 margin. The Terps also made 18-of-23 free throws. Clemson was 5-of-21 from beyond the arc for the game, including 0-10 in the second half.

The contest was a game of streaks. Maryland held a 30-18 lead at the 6:13 mark of the first half after Strickland, who was 6-6 from the field in the first half, hit a three-point shot with just one second left on the shot clock. But, Clemson responded with a 14-0 run to end the half to take a 32-30 lead. Floyd scored 12 straight for the Tigers to tie the game, then Krystal Scott hit a shot with three seconds left to put Clemson in the lead.

Clemson held Maryland scoreless over the last 6:13 of the half. Strickland had 17 points at intermission to lead Maryland.

The streaks continued in the second half. Clemson held a 34-32 lead at the 18:09 mark when Maryland went on a 13-0 run. Warley was the key to the run, hitting five field goals, nearly all on jumpshots from the baseline. Her banker made it 47-36 in favor of Maryland at the 12:45 mark of the second half.

But, Clemson responded with its own streak, an 11-0 run to tie the game at 47. Lakeia Stokes was important for Clemson in the stretch as she had a couple of baskets and made a steal that led to another. Her driving shot tied the score at 49 with 6:55 left. Maryland had one more steak in them, however. They held a 62-60 lead with a minute left, then went on a 6-0 run to close out the Tigers. Strickland scored all six points in the stretch.

Game 22
Feb. 5, 2001
College Park, Md.

Virginia 69, Maryland 56

COLLEGE PARK, Md.- The Maryland women's basketball team fell 69-56 to No. 24 Virginia in Cole Field House. The loss ended Maryland's five-game ACC win streak, and was only the Terps' second home loss.

Virginia jumped out to the early lead on a Svetlana Volnaya 3-point bucket that would set the Cavs' offensive pace for the rest of the night. Virginia possessed the lead from there on, with the Terps in close pursuit all night. The Cavs would lead by as much as eight at the 10:19 mark in the first half, but could pull ahead no farther. The Terps made it as close as two before the half ended, bridging the gap on a pair of free throws by junior forward Deedee Warley, who ended the night with a season-high 25 points.

The Cavaliers' Volnaya continued to scorch the nets from beyond the arc to keep Virginia ahead by as many as 13 points six minutes into the second half. She ended with a game-high 25 points. At no point during the game would Maryland let the Cavs get a comfortable lead, and whittled away the Virginia advantage again to as little as four points with four minutes remaining. Strong foul shooting down the stretch kept the game just out of reach for the Terps. Virginia eventually stretched the lead to as much as 14 points.

For Maryland, it was the easy shots that would leave the Terps reeling. "They hit their shots ... and we didn't," said Maryland head coach Chris Weller. "Virginia played well. I guess it's a credit to the physical nature of their defense. I think we shot about as poorly as we have all year." Down the stretch, the Terps missed lay-ups and foul shots that crippled their comeback, finishing just 17-of-33 (39.3 percent) from the foul line for the night.

Volnava led all scorers with 25, including six 3-pointers. Teammate Schuye LaRue finished with 13 rebounds, all on the defensive end, and added 14 points. For Maryland, Warley posted her seventh double-double of the season, finishing with 25 points and 13 rebounds.

Game 23

Florida State 77, Maryland 65

COLLEGE PARK, MD.- In the battle of the third-place teams in the ACC, the University of Maryland women's basketball squad (15-8, 6-6 ACC) dropped a 77-65 home decision to Florida State (15-8, 7-5 ACC) Sunday at Cole Field House. The win gave FSU a two-win road swing, while the Terps lost their second-straight home game.

In the first half, Maryland and FSU battled back-and-forth through nine leads changes. The Seminoles led by as many as four points with just over eight minutes remaining, when FSU's Molly Beal nailed a three-pointer off a pass from Katelyn Vujas. Maryland's Marché Strickland answered immediately from beyond the arc with her own three-pointer two minutes later to bring the Terps within one again. It wasn't until a 7-1 run to end the half that Maryland earned the six-point advantage it would take into the locker room, the largest lead for either team of the half.

Maryland stretched the lead to eight points coming out of the half before the 'Noles pulled ahead for good at 15:56. The Terps would come as close as one again, until the 12-minute mark when back-to-back buckets by FSU's April Traylor made it a 45-40 Florida State advantage. Maryland would draw as close as three again with 9:33 remaining, but the Seminoles would not let the lead slip away. Florida State widened the gap to as much as 14 before ending the game with a 12-point win, 77-65. Brooke Wycoff had 14 second-half points and ended the day as the game's high scorer with 20. Levys Torres also had 11 second-half points for the 'Noles, and finished with a double-double (14 points, 10 rebounds).

For the Terps, it was Strickland who led four players in double figures, notching 16 and pulling down a team-high six rebounds. Freshman Kiki Wimbush, sophomore Renneika Razor, and junior Rosita Melbourne all had 12 points for the Terrapins.

Game 25

Feb. 19, 2001
Winston-Salem, N.C.

Maryland 69, Wake Forest 53

WINSTON-SALEM, N.C. - Aided by a 26-1 run over eight minutes in the middle of the second half, the Maryland women's basketball team pulled away from Wake Forest, winning 69-53 in the Deacons' final home game of the season at Joel Coliseum.

Wake Forest led at halftime by a 28-26 margin, but the Terrapins unleashed a three-quarter court pressure defense and the Deacons suffered through a nine-minute drought without a field goal.

"It's a zone we use that's been effective for us all year. It's our bread-and-butter defense," Maryland coach **Chris Weller** said. "They did a great job anticipating passes but our three-quarter court press is what we've gone with all year and we went with it tonight."

Maryland's **Deedee Warley** led all scorers with 21 points and also grabbed 12 rebounds. For Wake Forest, freshman Eafton Hill scored a team-high 19 points. Senior Brenda Mock Kirkpatrick, playing in her final home game, contributed 17 points, four rebounds, four assists, three steals, and two blocks.

Maryland's **Terri Daniels** recorded a career-high 17 points and went 5-5 from beyond the arc.

Game 26

Feb. 22, 2001
College Park, Md.

Georgia Tech 66, Maryland 62

COLLEGE PARK, Md.- The Maryland women's basketball team (15-10, 7-8 ACC) lost 66-62 to Georgia Tech (13-13, 4-11 ACC) in ACC action at Cole Field House.

Maryland scored first on a pair of free throws from sophomore **Renneika Razor**, but never led again after taking the early 2-0 advantage. Georgia Tech's Sonja Mallory brought the teams even two minutes into the game on a lay-up that was followed by Yellow Jackets' guard Milli Martinez draining a three give Tech the go-ahead.

The Terps made several efforts to cut the deficit, which grew to as much as a 15-point Tech advantage in the first half after an eight-minute scoring drought. Junior transfer **Jamecca Harrell** fought to keep the Terrapins in it in the first period, scoring six points, while Maryland's leading scorer **Marché Strickland** also added five. At halftime, it was a 29-19 Tech advantage, paced by eight points from the Yellow Jackets' Mallory.

Maryland attempted the kind of second-half charge that has been it's trademark all season, but for the first time was on the losing end of an ACC contest that was decided by 10 or less points. Strickland nailed a 3-point basket three minutes into the half that ignited a Terrapin run, drawing the team within three with 14:38 to play.

The Yellow Jackets and Terps would trade buckets for the next five minutes until Strickland iced a pair of free throws and Harrell drained a lay-up to tie the game at 46 at the 9:15 mark. Martinez was there with a 3-pointer to put Tech back on top and spark a 10-0 run over the next three minutes. The Terps had one more run in them, though, and with a balanced effort highlighted by two Strickland 3-pointers, were able to bring it as close as two with 12 seconds remaining. Two free throws by Tech's Niesha Butler, who finished the game with 17 points, locked the 66-62 upset for Georgia Tech.

Game 27

Feb. 25, 2001
College Park, Md.

Maryland 75, NC State 54

COLLEGE PARK, Md. - The Maryland women's basketball team upset No. 17/19 NC State 75-54 to finish the regular season off in style. Maryland raised its record to 17-10 (8-8 ACC), while the Wolfpack fell to 18-9 (9-7 ACC).

The Terp victory snapped a seven-game win-streak for the Wolfpack, and marked the second time this season Maryland has upset NC State. The first was a 57-56 win on the Pack's home court on Jan. 25 when NC State was ranked 22nd in both polls.

Both teams started sluggishly, beginning the game with a nine-minute stretch that saw the squads combine for 15 turnovers, 5-15 shooting, and only 12 total points. Once the 11-minute mark hit, the two teams settled into a rhythm with the Terps mounting a 9-2 run to stretch the lead to seven with eight minutes remaining in the half.

NC State brought the game within one before two fastbreak layups from **Terri Daniels** put Maryland up five again. The Terps were paced by seven first-half points from **Marché Strickland**, and entered the half up three after a Wolfpack bucket by Talisha Scates with 24 seconds remaining.

Terp juniors Strickland and Warley were honored prior to the game for reaching 1,000 career points this season, and both showed they had more to prove this season. The duo scored a combined 49 of the Terps' 75 points, with Strickland pouring in 26 and Warley tallying 23, including 19 second-half points. **Kiki Wimbush** and **Renneika Razor** each had six assists for Maryland.

Game 28

March 2, 2001
Greensboro, N.C.

ACC Quarterfinals
NC State 74, Maryland 61

GREENSBORO, N.C. (AP) - Tynesha Lewis and Carisse Moody keyed a second half run as No. 21 North Carolina State broke open a close game to beat Maryland 74-61 to advance in the ACC women's tournament.

The third-seeded Wolfpack (19-9) won its first Atlantic Coast Conference postseason game since 1996 and will play No. 25 Clemson in one semifinal matchup Sunday. The second-seeded Tigers advanced by beating North Carolina 75-57.

Moody finished with 22 points, including 10 straight after the Terrapins closed within 58-51 with 4:04 left. Lewis added 14.

Sixth-seeded Maryland (17-11) swept the Wolfpack during the regular season, including a 21-point win six days ago. But the ACC's top defense limited the Terrapins to 33 percent shooting this time.

N.C. State was up 26-25 with 18:09 left before Lewis sank a pair of 3-pointers 53 seconds apart and Moody made a shot in the lane to key a 12-0 run.

Once up by 13, Moody made a layup, a three-point play and sank two more free throws in a span of two minutes as N.C. State went up 46-30.

To make matters worse for the Terrapins, top scorer **Deedee Warley**, who finished with 26 points, picked up her fourth foul in the middle of Moody's scoring spree and went to the bench.

Maryland rallied late, but the Wolfpack made 12 straight free throws down the stretch as it continued the best single-season turnaround in ACC history. N.C. State was 2-6 in league play in the first half, and finished 7-1 down the stretch. The team also improved to 8-1 since Lewis was switched to point guard.

Warley had 12 of Maryland's 21 first-half points, but the rest of the team was a combined 4-for-19 as neither team led by more than four points in the opening 20 minutes.

Coaching History

Dottie McKnight

44-17, .721 - 4 Years (1971-75)

The first coach in the varsity era of women's basketball at the University of Maryland, McKnight directed a fledgling program into immediate success. In her four seasons at the Maryland helm, she never had a losing season. Her program was certainly not as established as it would become after her departure, but McKnight, in fact, boasts a better winning percentage than her successor, Chris Weller. McKnight laid claim to Maryland's first state championship in 1973, and won a second in 1975 with Weller as her assistant.

Chris Weller

486-269, .644 - 26 Years (1975-Pres.)

Chris Weller dominates Maryland women's basketball. She has guided her alma mater to a national championship game and to three Final Fours in total. Her Maryland teams have enjoyed national rankings in 14 seasons and she has engineered an unprecedented eight Atlantic Coast Conference championships. In 1995, she became just the fifth coach in women's college history to earn at least 400 victories at the same school. Three years earlier, her Terps were No. 1-ranked for nearly a month and drew to College Park a sellout crowd that still is the largest in history to watch an ACC women's basketball game. She has been a pioneer, architect and engineer to one of the most successful programs in the nation.

Celebrating & Continuing the *Tradition*

Cole Field House

When college basketball was achieving its most explosive growth - from the late 1950's to the late 1970's – there was one college gymnasium on the East Coast that sat as many as 12,000 fans. Cole Field House epitomized the new big time, main event status of college hoops, the sport of network TV and emerging legends. It stands today as a building that faces cosmetic renewal over the next several years, but Cole's charisma will not be tampered with. There was not a bad seat on December 2, 1955, when it was dedicated in the men's game against Virginia, and there is not a better place to watch a game today. Only in a building like Cole, where history has been routinely made, can the fan feel the echo of tradition and experience the electricity generated by buzzer beaters and a thousand slam dunks.

Cole was dedicated as the Student Activities Center, a $3.3 million project that was erected under the tutelage of Board of Regents Chair, Judge William P. Cole, Jr., and President Wilson Elkins. A year after the dedication, the building was named in honor of Cole, who served the Board of Regents for 25 years.

Although Cole has remained the same basketball hall it was built to be, there have been refinements. Scoreboards were installed that not only tell the fan what the score is, but also how loud they are cheering. A new floor design reflects a modern era of basketball. Cole's seating also grew from its original base, and now 14,500 fans can cheer for the red and white at any game.

As championships were awarded over the years, Cole got some of the very best. The 1966 and 1970 men's basketball Final Four were held here. In 1990, the first and second rounds of the eastern regionals were in Cole Field House. The NCAA wrestling championships were held here in 1960, 1972, 1978, 1987, and 1990, and the NCAA women's volleyball championship took place here in 1990.

Cole Field House is home to most of the athletic department offices, and yearly hosts thousands who visit just to see where so much basketball history has been made.

Great Teams and Great Moments

Great Teams and Great Moments define Maryland women's basketball since it earned varsity distinction in the 1970s, rising quickly among the nation's elite and maintaining excellence and winning seasons nearly 30 years later. Greatness has been synonymous with Terrapin women's hoops. And synonymous with the Terrapins has been Chris Weller who began her Terrapin legacy as first a player in the mid-1960s, only to return later as an assistant, and eventually, head coach.

The Weller Era has been marked by NCAA Tournaments, collegiate milestones and perennial national rankings. Here is a chronological look at highlights – great moments – in Lady Terrapin history.

1972-73 State Champions

Maryland wins its first state championship with a 46-43 victory over Morgan State.

1974-75 State Champs/AIAW Regional

The Terps wind their way to the second of three state titles, finishing 11-6 in the final season under Dottie McKnight. Perhaps most notable was the first-ever women's basketball game ever to be televised on **Jan. 26** from Cole Field House. Maryland lost to defending national champion Immaculata.

The first-ever televised women's basketball game.

1975-76 EAIAW Regional

The 1975-76 season is best known as the beginning of the "Chris Weller Era." Maryland successfully defends its state championship and finishes fourth in the EAIAW Regionals in Pittsburgh, Pa. The Terps go 20-4 in Weller's first season with an 18-2 regular season marred only by a pair of one-point losses.

1976-77 EAIAW Regional

Maryland receives its first national ranking on **Nov. 25** with a No. 15 billing by the Associated Press. The Terps would finish in the No. 16 spot at season's end, but not after a 17-6 final record and fourth-place finish in the EAIAW Regionals. Maryland downs Virginia 79-67 on **Feb. 11** to mark the beginning of the Terrapins' second-longest series in history. Jane Zivalich becomes the first Terp chosen for the U.S. Select Team.

1977-78 ACC Champs/AIAW Finals

The Terps register their best season to date, with numerous "firsts." Maryland captures the first of its now unprecedented eight ACC championships, earns a second-place finish in the EAIAW Tournament and finishes sixth in the final AP poll. The Terps beat UCLA and Olympian Ann Myers, 92-88 on **Jan. 4** in a preview to the eventual national title bout. In the midst of an 11-game win streak to open the season and a 117-47 win over Duke, Maryland grabs a still-standing record 29 steals on **Jan. 14**. Maryland bests No. 2 NC State 89-82 on Feb. 11 to win the ACC title, and Tara Heiss establishes what is still the school mark for single game assists with 17 against Rutgers on **Feb. 28**. Weller's upset magic continues with a win over No. 1 ranked Tennessee on **March 17** and a win over Southern Connecticut sends the Terps to the first-ever AIAW Final Four. Maryland downs Wayland Baptist on **March 23** to win its first game in Final Four history. On **March 25** a record crowd of 9,351 and national television audience on NBC Sports World watch host UCLA defeat the Terps 90-74 at Pauley Pavilion for the national championship.

1978-79 ACC Champs/AIAW Quarterfinals

The Terps capture their second straight ACC title and reach the AIAW National Tournament for the second straight season. Maryland achieves its highest national ranking on **Nov. 25** with a spot in the No. 2 position. The Terps down NC State in Raleigh on Feb. 10 to claim their second ACC banner. Maryland finishes 22-7 and ends the campaign with a No. 8 national ranking.

1979-80 AIAW Quarterfinals

Kris Kirchner logs her name in the Terp record book with a modest 15-point effort against Seton Hall on **Feb. 29**. Its significance is her contribution to 1,351 points to establish a Maryland career record. Maryland captures its first EAIAW Regional Tournament title with a 79-70 win over Rutgers on **March 8**. Jane Zivalich is named a Rhodes Scholar finalist and the Terps advance to the AIAW quarterfinals. Maryland finishes with a No. 6 national ranking and a 21-9 record for its third straight 20-win season. Tara Heiss is named to the 1980 U.S. Olympic squad.

1980-81 ACC Champs/AIAW Quarterfinals

Maryland continues its prominence in the EAIAW Regional, advancing to the title game for the fourth straight season. A 64-63 win over emerging rival NC State on **Feb. 14** helps the Terps capture the ACC crown for the third time in its first four years of existence, and finish with a No. 8 ranking in the Associated Press poll. A trip to the national tournament in Knoxville, Tenn., results in a win over Kentucky and a loss to the homestanding Volunteers.

The Terps have been to three Final Fours.

1981-82 ACC Champs/NCAA Final Four

"Four" becomes a magical number to Chris Weller and her crew as the Terps win 25 times to advance to their second Final Four – this time it is the first NCAA Final Four just four years after appearing in the national title game in the first-ever AIAW Final Four. The Terps capture their fourth ACC title with a 93-81 win over Clemson on **Feb. 28**. The Terps earn the No. 2 seed in the NCAA West Regional and defeat Stanford 82-48 in Cole Field House to mark the campus' first NCAA Tournament game on **March 14**. The Terps trek west for a win over Missouri on **March 19**, and Drake two days later to earn a trip to their second Final Four. Cheyney State upends Maryland 76-66 to end the season on **March 26**, but not without a No. 3 billing in the final AP poll marking the highest finish in Maryland history.

1982-83 ACC Champs/NCAA Sweet Sixteen

Maryland tops Rutgers 83-66 on **Jan. 26** to run its school record win streak to 16 games to open the season. NC State knocks the Terps from the ranks of unbeaten on **Jan. 29**, though only five weeks later the Terrapins earn revenge by downing the Wolfpack 84-81 for their fifth ACC crown on **March 6**. Maryland earns the No. 3 seed in the East Region and defeats Central Michigan on **March 19** in an opening-round game. Maryland eventually falls to Old Dominion in the regional semifinal and ends the year with a No. 7 national ranking. The Terps conclude the season as the NCAA leaders in field goal percentage statistics, behind the strength of Kodak All-American Jasmina Perazic – Maryland's first to be so honored.

1983-84 NCAA First Round

The Terps fail to win 20 games for the first time in three seasons, but record at least 19 for the seventh straight year. Maryland is ranked 17th in the final AP poll and earns a No. 6 seed in the NCAA East Region.

1984-85

Maryland enters the 1984-85 season having been ranked in the AP Top 20 for 128 consecutive weeks — the most by any team in the nation. Weller spends her summer months as assistant coach for the U.S. National Jones Cup team.

1985-86 ACC Champs/NCAA First Round

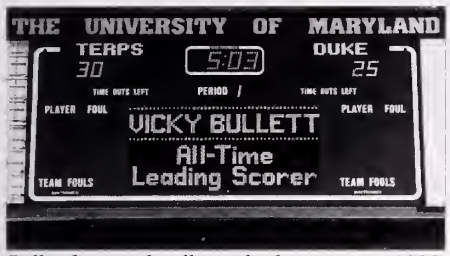
Success and championships return after just a one-year hiatus. The Terps enter the ACC Tournament as an underdog, yet win their sixth title, defeating NC State, Virginia and North Carolina. Deanna Tate is named MVP of the tournament after downing the Tar Heels 90-74 on **March 3**. Maryland accepts a No. 6 seed in the NCAA Mideast Region, and suffers an opening round loss to Ohio State.

1986-87

The Terps exit the ACC Tournament in a semifinal loss to Virginia. It is only the second season in the last 10 that Maryland has failed to reach a national tournament.

1987-88 ACC Champs/NCAA Elite Eight

And back come the Terps again. Not to be denied an ACC title for more than a season at a time, Maryland goes 26-6 overall and never loses in 13 home contests. The Terps take a four-game win streak into the ACC Tournament where they down Georgia Tech, Wake Forest and Virginia, and claim a No. 2 seed in the NCAA Mideast Region. Deanna Tate wins her second straight tourney MVP award as the Terrapins hold off the Cavaliers, 76-70 on **March 7** for their seventh conference crown. They run their streak to nine games with an 81-66 victory over Ohio State in the regional semifinal on **March 24**. The Terps fall to Auburn in a bid for a third Final Four, but finish 26-6 and return to national prominence. Maryland finishes eighth in the final poll released by USA Today, and ninth by AP. Junior Vicky Bullett breaks Maryland's all-time scoring and rebounding marks with still a year to play, and stars for the U.S. Olympic team during August 1988. She wins a gold medal in the Summer Games while averaging 4.4 points and 3.0 rebounds in five games.



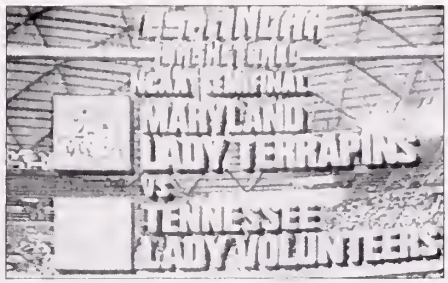
Bullett became the all-time leading scorer in 1988.

1988-89 ACC Champs/NCAA Final Four

Maryland's most successful season? Perhaps. Vicky Bullett and Deanna Tate both earn Kodak All-America honors as the Terps embark on an all-time best 29-3 record. Included in the mark was another perfect home record, 12-0, which ran Maryland's Cole Field House win streak to 27. On **March 5**, Maryland defeats Virginia 89-66 to win its 17th consecutive game, a new school record. The Terps won four more games to establish the existing school mark of 21 straight victories. The 18th win of the streak, **March 6** against NC State, secures an eighth ACC title. Bullett is named the league's player of the year as Maryland enters the NCAA West Region as the No. 1 seed. Maryland notches win 19 of the streak on **March 18** against Bowling Green with a 73-68 opening round win at Cole Field House. The streak grows to 21 with a 79-71 win over Texas on its home floor on **March 25**, earning the Terps a trip to their third Final Four. On ESPN in a national semifinal on **March 31**, Maryland watches its season and its streak wind to a close with a 77-65 loss to Tennessee.

1989-90 NCAA Sweet Sixteen

Maryland reaches its third straight NCAA Tournament with a 19-11 record. Maryland wins its first home game against George Mason on **Nov. 29** to run its record home court win streak to 28 games before falling on **Dec. 6** to defending national champ Tennessee. Dafne Lee helps the Terps to an 85-84 overtime win over Wake Forest to begin a four-game win streak heading into the ACC Tournament. In the process, she scores 39 points against the Deamon Deacons to tie the school record. On **Feb. 16**, Maryland earns a No. 6 seed in the NCAA East Region and downs Appalachian State 100-71 for its final win on **March 14** at Cole Field House.



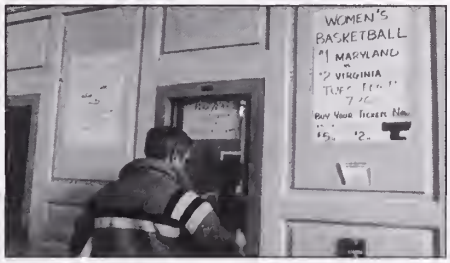
UM's Final Four game with Tennessee was on ESPN.

1990-91 NCAA First Round

Maryland wins five straight games at mid-season to help in building a 17-13 mark and earn a No. 6 seed in the NCAA Mideast Region. Maryland advances to the ACC semifinals with a 91-73 win over Georgia Tech.

1991-92 NCAA Elite Eight

One of the Terps' most exciting seasons saw Maryland finish 25-6 in 1991-92, including the first No. 1 ranking in school history and a Cole Field House sellout crowd of 14,500 to watch No. 1 Maryland and No. 2 Virginia. No. 3 Maryland downs top-ranked Virginia 67-65 in Charlottesville on **Jan. 15** to mark the second time in history that the Terps had beaten a No. 1 team. The win catapults the Terps to their first-ever No. 1 ranking on **Jan. 21**, a post they would hold for four weeks. Maryland wins its first five games to defend the ranking and runs its win streak to 11 games overall to set up a Virginia rematch on **Feb. 11** at Cole Field House. The Cole sellout still is the largest ACC crowd in history and one of the largest in collegiate women's history. The Cavaliers return the favor against Maryland, downing the Terps 75-74 and sending UM to a .500 record the rest of the season. Maryland exits the ACC Tournament after an opening round upset by Georgia Tech, and bows to Western Kentucky in the Mideast Regional finals. The Terps end the season ranked eighth in both national polls, and Chris Weller is a consensus pick as national coach of the year.



The Terps had a sellout against Virginia in 1992.

1992-93 NCAA First Round

Jessie Hicks scores 20 points to lead the Terrapins past No. 1 Tennessee, **Dec. 30** at Cole Field House. It is Maryland's third win ever against a top-ranked foe, and coupled with a **Jan. 2** victory over No. 10 Purdue, propels the Terps to a No. 3 ranking of its own. Maryland falls to Virginia, 106-103, in a memorable triple-overtime championship game of the ACC Tournament on **March 8**, but earns a No. 2 seed in the NCAA Mideast Region. The Terps are upset in an opening round game at Cole Field House, 86-82, by Southwest Missouri State. Maryland ends the campaign 22-8, and ranked 11th by the Associated Press and 18th by USA Today.

1993-94

The Terps finish 15-13 while ranking as high as No. 16 during the year. Maryland falls to Virginia in the ACC Tournament semifinals and gets its bubble burst when it fails to earn an NCAA bid for the first time in seven seasons.

1994-95

A promising rookie class of recruits is rated as high as fourth-best in the country, though Maryland still takes its lumps during an 11-18 season. The Terps down William & Mary and Butler to lay claim to its own Dial Soap Classic in December. Maryland defeats NC State 83-80 at Cole Field House for Chris Weller's 400th career victory on **Jan. 28**.

1995-96

Maryland upends No. 14 Duke at Cole Field House on **Feb. 5**, and No. 18 Clemson at Cole a week later on **Feb. 10**. The Terrapins finish 13-14, but again advance to the ACC semifinals.

1996-97 NCAA First Round

In her 22nd season as coach, Chris Weller readies the troops for another run at the NCAA Tournament. Maryland wins a pair of early-season tournaments and leads the nation in scoring defense through much of January. The Terps defeat No. 14 Duke 68-64 on **Jan. 12**, and drop No. 15 NC State by a 54-51 count on **Jan. 18**. The Terps defeat No. 21 Clemson on the road on **Feb. 22** to earn a No. 3 seed in the ACC Tournament, but fall in a first-round game to Duke, 60-52 in overtime. The Terrapins gain an at-large NCAA bid in the Midwest Region.

1997-98

Facing a schedule ranked the third-strongest in the nation, Maryland leads the ACC in scoring defense and ranked 29th nationally. Maryland wins seven straight early games. Highlights include a pair of wins over Top 20 foes: No. 7 North Carolina on **Jan. 18** and later No. 9 NC State in the ACC Tournament quarterfinals. Tiffany Brown nets a then-school record seven 3-pointers in the win over North Carolina before a national TV audience on ESPN2.

1998-99

A young Terrapin squad overcomes the absence of key seniors to finish seventh in the ACC and capture its third consecutive title in the Terrapin Classic on **Dec. 29**.

1999-2000 WNIT Quarterfinals

Maryland returns to the national scene as the Terps claim a berth in the 2000 Women's National Invitational Tournament. The Terps advanced all the way to the tournament's quarterfinals before falling to finalist Florida. During the regular season, the Terps recorded a pair of upset victories over ranked teams, defeating No. 12 Duke on **Feb. 3** and No. 16 Virginia on **Feb. 24**. The win over Duke ended the Blue Devils' 20-game home ACC win streak. Tiffany Brown became Maryland's most prolific 3-point shooter, setting the career records for treys made and attempted. She also set the single-game mark with eight at Clemson on **Jan. 6**. Marché Strickland made five consecutive 3-pointers in a 65-second span against Georgia Tech on **Jan. 23**. Because of her accomplishment, Strickland garned national media recognition.

2000-01 NCAA First Round

The 2000-01 season marked the program's 17th national tournament appearance. The Terps toppled then-No. 18 Clemson 85-73 in overtime in Cole Field House and swept the season series at Clemson when they were ranked 17th with a 68-62 victory. No. 22 NC State fell to the Terps 57-56 on its home court, and then suffered the 75-54 loss at Cole Field House when they were No. 17. On the doorstep of a Top 25 ranking all season, Maryland lost to Colorado State in the opening round of the NCAA Tournament after receiving its first NCAA bid since 1997. Terp juniors Deedee Warley and Marché Strickland scored their 1,000th point, Warley in the upset at Clemson and Strickland at Duke on **Feb. 15**.

University of Maryland

University of Maryland's McKeldin Mall is a central meeting place for students and campus vistitors.

Leading The Way Into The 21st Century

• Flagship of the University System of Maryland

"Strive for clarity, but accept and understand ambiguity."

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Thirteen years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergraduate education at Maryland "aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment."

As we learn with and from one another, we try to "develop human values," "celebrate tolerance and fairness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions, and accept ambiguity."

And we also hope you enjoy the journey.

University of Maryland

The Campus

The University of Maryland, College Park is the most comprehensive institution of higher education, research and service in the state. The university offers 100 undergraduate majors, 88 master's programs and 69 doctoral programs in 13 colleges and schools.

The university is one of only 30 public research universities that are members of the prestigious 58-member Association of American Universities. It is classified as a Research-I university by the Carnegie Foundation by virtue of the range of its baccalaureate programs, the amount of federal support received and the number of doctoral degrees awarded each year, sharing that honor with the top research universities in the country.

Among the public universities in the Association of American Universities, Maryland ranks among the top in percentage of African-American undergraduate students. In addition, the university has the largest number of African-Americans and other minority members among its peers.

Flagship Status

In 1988, the University of Maryland, College Park was designated as the flagship institution for the University System of Maryland. As well as pursuing a serious research mission and continuing its high level of service to the state, the university rededicated itself to providing the highest quality graduate and undergraduate education. Increased undergraduate opportunities for research and individual study; the development of the College Park Scholars Program and the expansion of the University Honors Program; the genesis of Honors Humanities and Gemstone; the creation of CORE, the general education program; and the establishment of the Center for Teaching Excellence all affirmed the legislature's designation of flagship.

Libraries

Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library, White Memorial (Chemistry) Library.

These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

Research

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their special interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus, and institutes promote the acquisition and analysis of new knowledge in the arts, sciences and applied fields.

The university's enviable location — just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis — enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

Service

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support, and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

The University of Maryland features a diversity of cultural and recreational activities. Four art galleries, more than 200 annual musical performances and countless dance and theater productions, expose audiences to the broadest range of programs in the arts. Additionally intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.

A Wired World

Students at the University of Maryland are part of an academic community that enjoys free access to networked computer resources and facilities that are among the best in the country. Free computer accounts enable users to store class work on a networked server, download classroom support materials and other electronic information from campus networked resources such as inforM, or send electronic mail to faculty, fellow students or friends at other universities.

Colleges & Schools

College of Agriculture and Natural Resources

The College of Agriculture and Natural Resources offers a variety of academic programs that apply science, management, design and engineering to improve the world in which we live and work. Feeding the world population, developing scientifically-based land-use practices and policies, understanding animal and plant biology, improving nutrition and its effects on human health, and profitably managing farms and agribusinesses in harmony with ecosystems are all vital concerns of the college.

School of Architecture

The School of Architecture offers a four-year undergraduate program leading to the bachelor of science degree in architecture, and a graduate program leading to the professional master of architecture. The undergraduate major in architecture is designed to minimize the time required to complete the curriculum leading to the professional degree. Students receive rigorous and comprehensive instruction from a faculty whose members are active in professional practice or research. Many faculty members have distinguished themselves across the professional spectrum and represent different approaches to architectural design. The B.S. degree in architecture will qualify graduates to pursue a career in any number of fields, such as construction, real estate development, public administration, or historic preservation, or to continue in graduate work in professional fields such as architecture, urban planning, or law.

College of Arts and Humanities

The College of Arts and Humanities embraces a heterogeneous group of disciplines, all of which value the development of critical thinking, fluent expression in writing and speech, sensitivity to ethical and aesthetic standards, and a complex understanding of history and culture. Preparation provides valuable background for careers in a broad range of fields.

College of Behavioral and Social Sciences

The College of Behavioral and Social Sciences is comprised of a diverse group of disciplines and fields of study all of which emphasize a broad liberal arts education as the foundation for understanding the environmental, social and cultural forces that shape our world. Disciplines in the behavioral and social sciences use approaches that range from the scientific to the philosophical, from the experimental to the theoretical.

Robert H. Smith School of Business

The Robert H. Smith School of Business recognizes the importance of education in business and management to economic, social, and professional development through profit and non-profit organizations at the local, regional, national and international levels. The faculty are scholars, teachers, and professional leaders with a commitment to superior education in business and management, specializing in accounting, finance, decision and information sciences, management science and statistics, management and organization, marketing, logistics and transportation, and business and public policy.

College of Computer, Mathematical, and Physical Sciences

The College of Computer, Mathematical, and Physical Sciences contributes very substantially and effectively to the research activities of the University of Maryland. This college is like a technical institute within a large university. Students majoring in any one of the disciplines encompassed by the college have the opportunity to obtain an outstanding education in their field.

College of Education

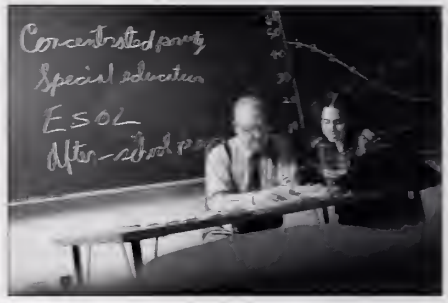
The College of Education is a professional college committed to advancing the science and art of teaching/learning, including the practices and processes that occur from infancy through adulthood in both school and non-school settings. The college s mission is to provide preparation for current and future teachers, counselors, administrators, educational specialists, and other related educational personnel, and to create and disseminate the knowledge needed by professionals and policy makers in education and related fields

A. James Clark School of Engineering

The mission of the A. James Clark School of Engineering is to provide quality engineering education, with sufficient scope to include both fundamental and specialized engineering training, so that graduates are prepared to serve the current and emerging needs of society. In addition to its teaching role, the school feels a related responsibility to conduct strong research programs that contribute to the advancement of knowledge.

College of Health and Human Performance

The College of Health and Human Performance provides preparation leading to the bachelor of science degree in the following professional areas: physical education (K-12), health education (school and community), and family studies. The college also offers curricula in kinesiological sciences and safety education. In addition, each department offers a wide variety of courses for all university students.



Philip Merrill College of Journalism

Located just nine miles from the nation's capital and 30 miles from the bustling commercial port of Baltimore, the Philip Merrill College of Journalism is one of six comprehensive journalism schools in the 10 states stretching from New York to Virginia — the nation's most populous region. But the college has much more than geography going for it. The National Assessment of Journalism Education by the Freedom Forum Media Studies Center at Columbia University designated the college one of "Eleven Exemplary Journalism Schools" nationwide.

College of Information Studies

The College of Information Studies offers degree programs for individuals interested in careers in information services and management. At the master's level, students may specialize in several fields, including archival studies, geographic information systems, health information services, school library media services and science and technology information systems.

College of Life Sciences

The College of Life Sciences offers educational opportunities for students in subject matters relating to living organisms and their interaction with one another and with the environment. Programs of study include those involving the most fundamental concepts of biological science and chemistry and the use of knowledge in daily life, as well as the application of economic and engineering principles in planning the improvement of life.

School of Public Affairs

The School of Public Affairs provides graduate-level, professional education to men and women interested in careers in public service. Five disciplines are emphasized: finance, statistics, economics, politics, and ethics. Students specialize in international security and economic policy, public sector financial management, environmental policy, or social policy.

This Is Maryland

Did You Know?

M In 1991, Maryland had one program listed among Top 25 entrants in the *U.S. News & World Report* Rankings. Maryland now has 60 programs ranked among the nation's elite.

A A report card published in *Technology Review* rated the top U.S. universities in their quest for intellectual property, commercial partners and profits. Johns Hopkins University and the University of Maryland (28th) were the Mid-Atlantic (Delaware, Maryland, Virginia, District of Columbia) schools to make the "campus patenting" top 50 list.

R *Black Issues In Higher Education* ranked the university 12th in graduating black males with baccalaureate degrees in all disciplines. (Maryland is second among non-historically black schools.) Maryland is 23rd in black male undergraduate enrollment figures among all schools.

Y *The Wall Street Journal* ranked the Robert H. Smith School of Business No. 13 among the world's business schools. Maryland is the top-ranked school in the Mid-Atlantic region (Delaware, Maryland, District of Columbia, Virginia). *The Financial Times of London* ranked the Robert H. Smith School of Business No. 4 in information technology, No. 6 in faculty research and No. 7 in entrepreneurship.

L In the only undergraduate program rankings released by *U.S. News & World Report*–business and engineering–both the Robert H. Smith School of Business (No. 21) and A. James Clark School of Engineering (No. 22) were ranked among the top 25. In business, the management information systems specialty was No. 7; entrepreneurship No. 12; general management specialty No. 21; e-commerce No. 8; human resources specialty No. 10. In engineering, the aerospace/aeronautical/astronautical specialty was No. 11.

A An economic impact study conducted by the economists with the Jacob France Center, an applied economics analysis center at the University of Baltimore, concluded that the University of Maryland generates $5.93 of economic activity for every dollar appropriated by the General Assembly, for a total statewide effect of nearly $1.8 billion.

N Maryland appointed William Phillips, a Nobel laureate in physics, to its faculty during the spring. Phillips will establish a world-class atomic, molecular and optical physics group on campus. The Philip Merrill College of Journalism now has five Pulitzer Prize winners on its faculty. A sixth faculty member, Eugene Roberts, directed the *Philadelphia Inquirer* to multiple Pulitzer's as managing editor.

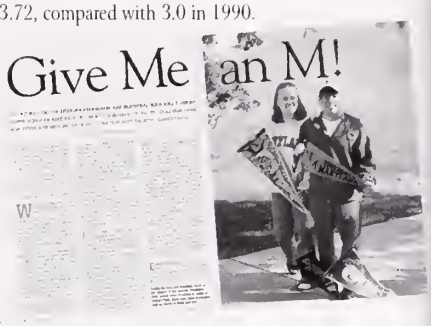
More, Better Students Want To Go To Maryland

The University of Maryland has boasted its best freshman class ever for each of the last 10 years, and the entering freshmen for 2001 are no exception. The academic credentials – high school grades and SAT scores – are again the best ever. And more of those accepted by Maryland are now choosing to enroll here.

The average GPA for freshmen who enrolled in fall 2001 was 3.72, compared with 3.0 in 1990. SAT scores of the middle 50 percent are 1180 to 1330, up from 980-1150 in 1990.



What is more remarkable this year is how the university's successes in establishing quality programs – academic and athletic – and cementing a major role in the community, have attracted more of the best students than ever. Of those who were admitted to Maryland this year, nearly 43 percent confirmed their plans to attend, compared with less than 40 percent the previous year.

In its survey of the colleges of choice of top graduates in Maryland high schools last year, the *Washington Post* found that more than half picked the University of Maryland. No other single school was even close.

Why There's No Better Place

There is no place better to be than the University of Maryland. As university President C.D. Mote Jr. noted in a *Baltimore Sun* front-page story on March 28, "This place is clearly on a tear."

With top-ranked academic programs (60 in the top 25, according to *U.S. News and World Report*), an honors program that competes with the Ivy League for top students, a prize-winning faculty (topped by a Nobel and five Pulitzers, among others), a highly diverse population, and a beautiful 1,580-acre campus located between the cultural and population centers of Washington, D.C., and Baltimore, Md., it's little wonder that more of Maryland's top high school graduates choose the University of Maryland over all other Maryland colleges, public and private, combined.

In the latest *U.S. News and World Report* rankings, Maryland was 24th nationally among all public universities. The colleges of engineering, education, computer, mathematical and physical sciences, and information sciences are all ranked in the top 25 nationally. So are many of the individual programs in those schools and others, including criminology, journalism, public relations, counseling and others. The Robert H. Smith School of Business has been ranked among the top business schools in the world by the *Wall Street Journal* and the *Financial Times* of London.

More than 40 percent of all entering freshmen at Maryland are now enrolled in high-achieving programs like the Honors Program, Honors Humanities, College Park Scholars, Gemstone and a growing roster of living-learning communities where students with common interests in such topics as civil society and entrepreneurship can live and study together. With their wide variety of subject areas and top faculty from throughout the university, these programs compete for students with the best public and private universities in the country.

Supporting the research needs of students and faculty are some of the country's best research facilities. In 1994, the largest, most technically advanced research archives in the world — National Archives II — moved to College Park. In addition, just outside of College Park are the Library of Congress, the Smithsonian Institution and the National Libraries of Agriculture and Medicine, among others. The university itself has the most comprehensive library system in the area.

High tech, engineering and service industries thrive in proximity to the campus, offering a wide spectrum of internship and work-study opportunities that only a major metropolitan area can provide.

Whether your focus is the sciences or the humanities, a small town atmosphere or a metropolitan feel, the University of Maryland, College Park offers a wide range of educational and cultural opportunities. There is no better place to be than the University of Maryland, College Park.

University President C.D. Dan Mote Jr.

When C.D. "Dan" Mote Jr. became the 19th president of the University of Maryland on Sept. 1, 1998 he proclaimed it a university "on the move." Three years later, under his guidance, Maryland continues to move – at an ever accelerating rate – on the field, in the classroom, in the community, and in the world.

The University of Maryland is the state of Maryland's most important asset, says Mote: "The future of the state depends on this university."

Fulfilling that responsibility is a big job, but Mote is accustomed to that role. He spent his entire academic career at the University of California at Berkeley, where he earned all his degrees, taught engineering and eventually became vice chancellor for university relations before coming to Maryland.

One of Mote's first tasks here was to serve on a governor's task force to examine the funding and organization of the University System of Maryland. The task force recommended, and the General Assembly enacted into law, a reaffirmation of the university's flagship status and a commitment to funding at levels comparable to the best public universities in the nation.

As president, Mote is committed to making that asset even greater by creating a culture of excellence and civility across the campus, continuing to emphasize the highest quality education for students, strengthening the university's internal and external connections, and achieving distinction as an institution where discovery takes place every day and everywhere.

The university's progress in each of these areas can be measured by the quality of its programs; the stature of its faculty; the talent of its students; its partnerships with business; its impact on the state's economy; its ability to apply discoveries to global, national and regional problems; and its world-class, state-of-the-art facilities.

Quality Programs

Over the past decade, Maryland's programs have been improving by leaps and bounds, and when it entered the first decade of the 21st century, it had 60 programs ranked in the top 25 nationally by *U.S. News and World Report*.

While the university's academic successes are across the board, it has emerged as a true powerhouse in business, computer science, earth sciences, engineering, education and journalism. The Robert H. Smith School of Business has achieved top10 rankings from such beacon publications as the *Financial Times of London* and the *Wall Street Journal*. Every department in the College of Education has programs ranked in the *U.S. News'* top 25, and the Counseling and Personnel Services Program has long been ranked tops in the nation.

Faculty Stature

With the addition during Mote's third year of a Nobel Laureate in Physics and three more Pulitzer Prize winners (to join three already on the faculty), Maryland continues to attract the best faculty available. Nearly two dozen faculty are members of the national academies in their fields, the highest professional recognition attainable.

Experts on the Maryland faculty are regularly sought by the news media for their views on a wide variety of issues, including politics, international affairs, social trends, economics, science and technology.

Talented Students

Over the past 10 years, it has become a virtual cliché to announce that each year's new freshman class is the most talented ever. The average GPA of entering students improved from 3.00 to 3.72 from 1990 to 2000, while the average SAT score rose from 1173 to 1244 in the same period.

Not surprisingly, the number of students enrolling in honors and other special programs has also skyrocketed in recent years. As many as 40 percent of all new freshmen are now enrolled in such programs as Honors, Gemstone, College Park Scholars and other living-learning communities that bring together students with similar academic interests in a residential setting.

Business Partnerships

In order to fulfill its role as the state's most important asset, Mote has emphasized that the university must be engaged with the business and government communities in substantial and meaningful ways. Under his leadership, Maryland has provided its technological expertise to help the state improve its business processes through a web portal and has consulted with hundreds of Maryland businesses through its Technology Extension Program.

In the past year, the university also helped to attract Fujitsu Laboratories of America to open a research facility in College Park. Fujitsu, the third-largest communications company in the world, shares a building with the Joint Global Change Research Institute, a research partnership between the university and the Pacific Northwest National Laboratory.

Research with Impact

Sponsored research funding has more than doubled at the University of Maryland since 1990, adding significantly to the university's value as both an economic and an intellectual resource. In FY 2001, the university received $250 million in research grants, much of it directed at projects that will directly improve our social, educational and economic well-being.

Recent highlights of research funding include more than $10 million from the National Science Foundation to study a wide range of issues related to information technology, from hardware to sociological impacts of the Internet. NSF also funded two major teaching initiatives in the College of Education totaling more than $20 million and taking the university's expertise directly into Maryland schools to improve math and science instruction. Mote himself chaired an NSF-sponsored task force last year to study the feasibility of voting over the Internet.

World-Class Facilities

During Mote's second year in office, the university began the largest building boom in its history, with more than $100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the private sector, new residential facilities.

Highlights of the construction activity on the campus include the brand-new Clarice Smith Performing Arts Center; the Comcast Center, scheduled to open in 2002; new classrooms for chemistry, computer science, business and engineering; extensive renovations to the Adele H. Stamp Student Union; and new parking structures.

Mote also has led the development of a new campus master plan that aims at making the university a leader by example in the adoption of Smart Growth principles, ensuring that the campus retains its renowned beauty and has minimal impact on the surrounding environment.

Athletic Excellence

Mote sees athletics as an integral part of the university experience, not just a showcase to impress visitors and friends. Indeed athletic success more often than not reflects academic success, he notes. For example, all four of the teams that played in last season's NCAA basketball Final Four, including Maryland, are members of the prestigious Association of American Universities, the organization that comprises the leading research and academic universities in North America.

"That's no accident," Mote says. "Institutions that are committed to excellence tend to be excellent in every endeavor. Our successes in basketball, lacrosse and other sports reflects our culture of quality as much as our successes in engineering, business, education and journalism."

State leaders in recent years have recognized the wisdom of Mote's assertion that the university is the state's greatest asset, and they have sought to sustain its success through significant budget increases. Every year of Mote's presidency, the General Assembly has increased the university's operating budget by about 10 percent.

The private sector, too, has recognized the importance of supporting the university. Early in Mote's third year, Maryland easily surpassed its seven-year $350 million fund-raising goal – 18 months early. Before the end of the sixth year of the *Bold Vision•Bright Future Campaign*, the university had raised about $400 million in gifts ranging from a few dollars to more than $25 million, to pay for scholarships, endowed professorships, new facilities and programs.

Director of Athletics Deborah A. Yow

Dr. Deborah A. Yow is in the eighth year of her outstanding tenure as director of athletics at the University of Maryland ... a year in which she also successfully concluded her presidency of the National Association of Collegiate Directors of Athletics, an organization with a membership of more than 6,100 athletic administrators representing 1,600 colleges and universities in North America and Mexico.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony to her values of excellence, teamwork and accountability. Likewise, her election to the presidency of NACDA is an indication of the respect with which Dr. Yow is regarded in intercollegiate athletics and education in the U.S. and Canada.

Last year, Yow was named Female Sports Executive of the Year by the editors of *Street & Smith's Sports Business Journal*. In addition, she received the Carl Maddox Sport Management Award by the United States Sports Academy for excellence in athletics administration.

As a former member of the NCAA Management Council and NCAA Division I Budget Committee, Yow presented a strong voice for excellence and integrity at the highest levels of intercollegiate athletics. In these national roles she has represented the University of Maryland and the Atlantic Coast Conference with a balanced and proactive voice.

Maryland athletics director Deborah A. Yow was recently awarded the Carl Maddox Sport Management Award by the United States Sports Academy.

Since taking over at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization.
- Balanced all seven of the department's annual budgets (the first balanced budgets for the Terrapins in 10 years prior to her arrival). The budget has now reached $33 million annually and the sizable prior debts have been eradicated.
- Greatly enhanced the academic support services provided to student-athletes, with an enviable exhausted eligibility graduation rate of nearly 90 percent during her tenure.
- Led the Terrapins to a national all-sports ranking in the upper 15 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased 140 percent and corporate sponsorship revenues have increased by 275 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 25 teams.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area.

The Maryland Department of Athletics has made remarkable progress under Yow's leadership. Regarding the many achievements of Terrapin athletics over the past seven years, Dr. Yow says, "We are pleased, but we are not satisfied ... our vision is to be one of the top 10 programs in the nation consistently ... we see no reason to settle for less."

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "raise our sights and sharpen our tools ... to work hard and work smart ... to recognize that our only limitations are those that we place upon ourselves."

As a manager and leader, she clearly models these principles. She was recently singled out by *Street & Smith's Sports Business Journal* as one of the leading athletic administrators in the U.S.

A former basketball coach, she began her coaching career at the high school level in North Carolina before taking over as head women's coach at the University of Kentucky in 1976. She also achieved an outstanding coaching record as head coach at the University of Florida. She later moved into athletic administration at the University of Florida and the University of North Carolina-Greensboro, followed by a highly successful tenure as A.D. at Saint Louis University.

She has authored numerous articles and books on athletics, management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire Terrapin athletic program, Yow recently observed, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets and our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the Maryland Educational Foundation and M Club members who serve and give liberally. We have a great Terrapin family. That's the foundation for all of our successes ... and the basis for our bright future."

Dr. Charles F. Wellford, professor and chair of the Department of Criminology and Criminal Justice, is in his sixth year as the University of Maryland's faculty athletic representative. In this role, he represents the University of Maryland and its faculty in the institution's relationships with the NCAA and Atlantic Coast Conference. Dr. Wellford also serves as the director of the University of Maryland Center for Applied Policy Studies and the Maryland Justice Analysis Center.

Academic Support &

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Led by associate athletics director Robert Koonce, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in Cole Field House. It features a study center that includes 24 desktop computers, private study cubicles, a tutoring center, classrooms, and individual offices for five professional academic counselors, a director of enrichment programs, an assistant program coordinator, a career counselor and two graduate assistants. In addition, the center's extended site is located in the Gossett Football Team House, and includes office space for three professional counselors and a 16-station desktop computer center.

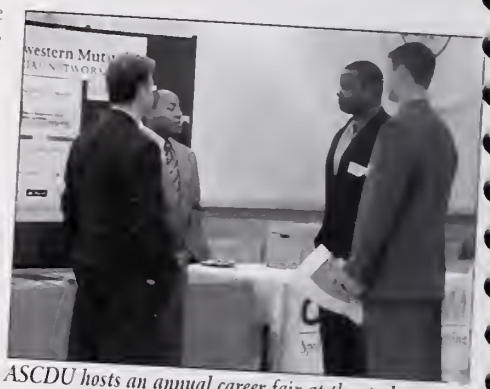
Maryland Gameplan

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 1,000 corporations and businesses across the country. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

Career & Internship Fair

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume writing, interviewing skills, graduate school search, and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Student-Athlete Career & Internship Fair, in which student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career & Internship Fair recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.



ASCDU hosts an annual career fair at the student union.

Terp Choices

Personal growth is fundamental to all ASCDU programs and services. Terp Choices is a program that provides student-athletes the opportunity to identify their fundamental values, develop communication skills, and enhance decision making skills that will enable them to manage their personal health and well-being. Interactive presentations are given by trained student-educators who intend to illustrate to athletic team participants that an individual's choice may affect an entire team. This campus-wide program is partially funded by grants from the NCAA and ACC.

Student-Athlete Advisory Council

The Student-Athlete Advisory Council (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of a representative from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area, and nationally.

CHAMPS/Life Skills Programs

ASCDU houses the NCAA's (National Collegiate Athletic Association) Challenging Athletes' Minds for Personal Success Program (C.H.A.M.P.S.) and the NCAA LIFE SKILLS Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically, and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities

Career Development

Senior Marché Strickland at work in the ASCDU, which houses 40 computer work stations available to student-athletes.

- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/Life Skills Programs Commitment Statements

Commitment to Academic Excellence To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence To huild philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development To support the development of a well-balanced lifestyle for student-athletes, encouraging the emotional well-being, personal growth and decision making skills.

Commitment to Career Development To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service To engage student-athletes in service to his/her campus and surrounding communities.

Academic Support For Returning Athletes

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to returning its former athletes for degree completion. A key component of the program is community outreach. Each returning student is provided with a "workship" that allows the cost of tuition and fees to be exchanged for community services with youth.

Sports Medicine

Medical Staff

The University of Maryland Department of Intercollegiate Athletics and the University of Maryland Medical Center's Sports Medicine program have joined forces to provide the best possible medical attention and care to all Terrapin student-athletes.

Orthopedic surgeon Leigh Ann Curl, M.D., serves as the head team physician. Dr. Curl is part of the growing University Sports Medicine program of the University of Maryland Medical Center, which also provides medical care for the Baltimore Ravens of the NFL, UMBC, Coppin State University and 14 high schools.

Says Deborah A. Yow, Maryland's director of athletics: "When we recruit student-athletes to play for Maryland, we owe them the best education, the best coaching and the best comprehensive health care. Dr. Curl is an excellent physician who understands college athletics. It is especially gratifying for us to partner with our medical center in the same fashion as other ACC institutions do with their medical schools."

Leigh Ann Curl, M.D.

Head Team Physician

Leigh Ann Curl, a former All-American basketball player at the University of Connecticut and a 1998 inductee into the GTE Academic All-America Hall of Fame, is in her fifth year as Maryland's head team physician. She is on faculty as an assistant professor of orthopedic surgery at the University of Maryland School of Medicine.

Dr. Curl received her medical degree from Johns Hopkins University, where she also served her internship and residency. She completed a fellowship in sports medicine and shoulder surgery at Hospital for Special Surgery at Cornell University Medical Center in New York City. During her fellowship, she worked as team physician for St. John's University, the New York Mets and the New York City public schools recreation program. She also has volunteered as a team physician with Johns Hopkins University, USA Basketball and USA Rugby.

Dr. Curl graduated summa cum laude from the University of Connecticut in 1985 and was her class valedictorian. She was a four-year starter on the women's basketball team, serving two years as team captain, and became the third women's basketball player in school history to score 1,000 points. She finished her career among the all-time leaders in points and rebounds at UConn. A two-time GTE Academic All-American, Curl also was a two-time Big East Conference Scholar-Athlete of the Year.

Yvette Rooks, M.D.

Primary Care Physician

Dr. Yvette Rooks is in her fourth year as a primary care physician for Maryland's athletic program. Dr. Rooks graduated from the Upstate Medical School/Health Science Center in Syracuse, N.Y., in 1993. She completed her residency in family medicine and a sports medicine fellowship at the University of Maryland, Baltimore. She currently is an assistant professor in the Department of Family Medicine at the University of Maryland School of Medicine. Dr. Rooks also serves as a team physician at Coppin State.

She graduated with honors from the State University of New York at Albany where she was a four-year starter on the volleyball team.

Sean Curtain, M.D.

Primary Care Physician

Sean Curtin is in his third year as a primary care physician with the University of Maryland's athletic program. Dr. Curtin is a graduate of the University of Maryland School of Medicine residency and fellowship training programs. He is board certified in both internal medicine and sports medicine.

Dr. Curtin is in private practice in Bel Air, Md., specializing in primary care and sports medicine, and is currently a clinical instructor at the University of Maryland School of Medicine.

Dr. Curtin played collegiate baseball at Villanova. He and his wife, Yolanda, are the parents of Calvin, 5, and Matthew, 3.

Sandy Worth

Head Athletic Trainer

Sandy Worth, who has been affiliated with Maryland's athletic program since 1973, coordinates and directs the medical care for the Terps' football program in addition to her responsibilities as the university's head athletic trainer.

A native of Timonium, Md., Worth supervises and schedules a professional staff of six full-time assistants and approximately 25 student trainers who combine to provide medical assistance to the university's more than 600 student-athletes. Worth, a 1973 graduate of Maryland, joined the Terps' staff that same year as an associate trainer. She was promoted to head trainer in 1992.

During her career at Maryland, Worth has worked directly with five teams that have captured national championships — four in women's lacrosse and one in field hockey. In addition, she was the trainer for the women's basketball program when it won eight ACC titles and advanced to three NCAA Final Fours.

Matt Charvat

Women's Basketball Trainer

Matt Charvat enters his third season as the women's basketball trainer at Maryland. He came to College Park after two years on the training staff at Morehead State. A native of Hinckley, Ohio, Charvat earned his bachelor's degree in sports medicine from Baldwin-Wallace College in Berea, Ohio. He also worked as a trainer for the Canton-Akron Indians Double-A baseball team for six years.

He earned his master's degree from Morehead State in Exercise Science in 1999.

Student Health Center

Dr. Sacared Bodison, Dr. Stephen Fahey and Dr. John Lucas are three full-time University Health Center physicians who specialize in sports medicine. Dr. Bodison is the assistant director for medical services at the Health Center and has been involved with the care of student-athletes since 1982. Dr. Fahey is an emergency physician who is in his 15th year working with the Terrapins. Dr. John Lucas, a family practice physician, is in his third year of affiliation with the university's athletic teams. All three doctors are available to treat student-athletes daily on an as-needed basis in the Health Center. In addition, Dr. Margaret Bridwell serves as director of the University Health Center and is a member of the Maryland Athletic Council.

Strength & Conditioning

In the highly competitive world of collegiate basketball, the off-court preparation of the basketball athlete is a critical component in the on-court success of any Division I program. Dwight Galt and Barry Kagan of Maryland's strength and conditioning department believe strongly that a solid off-court training program can dramatically improve levels of performance, as well as significantly reduce the chance of injury. The benefit of performing structured strength and power training throughout the entire year has allowed the Terps to reach new levels in physical development and in turn has resulted in great success on the basketball court.

Dwight Galt

Barry Kagan

At the University of Maryland, the maximal development of athleticism is the primary goal of the strength and conditioning program. To accomplish this requires more than just strength and power training in the weight room. Speed improvement, agility, flexibility, conditioning, plyometrics, and nutrition also play critical roles. The Terps' strength staff places substantial emphasis on all these areas, with special attention on the improvement of speed potential. Galt and his staff employ a wide range of state-of-the-art training methods to assist in enhancing all aspects of speed development.

The Terrapins are fortunate to train in one of the premier weight training facilities in the United States. Conveniently located in the Gossett Football Team House, this facility has excellent aesthetic appeal, with two magnificent skylights and large windows overlooking the playing field at Byrd Stadium. The Terps' spacious weight room includes 7,200 square feet of functional floor space, with two elevated offices that are easily accessible to the training floor.

Athletic Advancement

Terrapin Club

The Terrapin Club is composed of alumni, friends and fans of University of Maryland athletics. Your Terrapin Club contribution provides annual athletic scholarship support to our student-athletes. As a Terrapin Club member, you will enjoy the camaraderie and fellowship unique to this organization. Supporting the Club is a great way to stay connected with the University of Maryland, the state's flagship institution. Most importantly, you will feel the pride and satisfaction in providing a University of Maryland student-athlete with a quality education.

Your donation is vital. The Department of Intercollegiate Athletics operates without significant university funding and receives no state appropriations or tax dollars for operational expenses. We are challenged to fund the 269 full scholarships presently offered and, in the future, to fund the maximum number of scholarships allowed by the NCAA for our 25 sports. We cannot reach this goal without your participation.

How Do I Get Involved?

Direct gifts are the most common way of contributing. They are made in the form of cash, stock, checks or credit card (Visa, MasterCard, American Express or Discover). For your convenience, a personal checking account can be debited a set amount every month.

In many cases, corporate matching gifts may be used to make your Terrapin Club contribution. Please contact your employer to see if you are eligible for a matching gift program.

How Much Should I Contribute?

The Terrapin Club is composed of the following levels of membership, with benefits varying by giving level.

Recent Graduate	$25 (year 1 after graduation)
Recent Graduate	$75 (year 2 after graduation)
Silver	$125 - $249
Silver 250	$250 - $599
Gold	$600 - $1,199

Major Gifts Fundraising

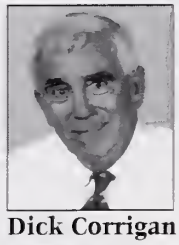
As we prepare to compete in the 21st century, Maryland athletics must ensure that our program is able to remain competitive by recruiting high caliber players and maintaining and attracting loyal fans. To do so, as part of *Bold Vision • Bright Future: The Campaign for the University of Maryland*, the Department of Intercollegiate Athletics has entered into a historic effort to increase private financial support for the construction and renovation of athletic facilities.

Cheryl Harrison
Interim Asst. A.D./ External Affairs

At the center of the plan for our future is a new, state-of-the-art arena and home for Maryland Athletics, the Comcast Center (rendering at right). The Building Partners Campaign is the Department of Intercollegiate Athletics' effort to raise $20 million in outright gifts toward the construction of the Comcast Center. Quality facilities attract outstanding student-athletes, great crowds and a tremendous amount of energy and excitement. The competition site for men's and women's basketball, wrestling, volleyball and gymnastics, Comcast Center will be the centerpiece of intercollegiate athletics at the University of Maryland. Our venue will again be the absolute best in the Atlantic Coast Conference.

Educational Foundation

The primary mission of the Maryland Educational Foundation (MEF) is to provide scholarship endowment funds in support of the athletic department's annual athletic scholarship expenses. By supporting talented, deserving student-athletes, donors ensure that our legacy of excellence will continue and grow. For more than 50 years, the MEF has provided financial support for Maryland athletics and is an important part of the department's gift-giving program. The vision of the MEF is to raise enough dollars through private gifts to build an endowment capable of permanently funding many of the university's scholarships now being awarded.



Dick Corrigan
Director, Major Gifts

What is an endowment? An endowment is a gift in which the principal is held in perpetuity, with only the income used (in part or whole) for scholarships. The MEF invites you to discuss gifts such as cash, securities, real estate, insurance, personal property, life income, gifts of pooled income funds, charitable remainder trusts, charitable gift annuities, wills and bequests. An endowment gift is truly a significant investment in the future of Maryland athletics. Contact Dick Corrigan or Cheryl Harrison at 301-314-7020 if you would like more information.

M Club Athletes Helping Athletes

The M Club was founded in 1923 by a group of former University of Maryland athletes led by Dr. H.C. "Curley" Byrd to encourage excellence in athletics. It is one of the oldest and most respected letterwinner clubs in the country with an organization of more than 4,200 former Maryland varsity athletes.

David Diehl
Executive Director

The M Club goals are to help achieve the very best overall academic and athletic program for the 25 varsity teams, to aid the athletes in making positive contributions to the community, to obtain and maintain funds for awards and scholarships and to cultivate social contact and good sportsmanship among the wearers of the "M."

Membership participation, through the payment of annual dues, helps build the scholarship endowment fund and support student-athletes' awards and recognition efforts. Members receive the monthly athletic department publication (TerpTalk) for information about the current teams and news about your former teammates.

In addition, active members receive information about, and discounts for, various M Club activities. Many benefits are intangible, though, including the satisfaction of having lettered at a great university and being a part of a unique and exclusive organization. Stay involved with Maryland athletics.

University of Maryland letterwinners interested in the M Club should call David Diehl at (301) 314-5372 or Dottu Warren at (301) 314-7020, or visit our website at www.umd-mclub.org. Remember the M Club, "Athletes Helping Athletes."

Welcome To Maryland

Maryland basketball is one of the top programs in the nation. Head coach Chris Weller, her staff and players welcome you to College Park and hope that your stay is enjoyable. Cole Field House is one of the top places in the nation to watch a college basketball game and the program would like to thank you for stopping here. The media relations staff is always available to service you and has prepared this media guide as a source of information which can be referred to all season. Welcome to Maryland. We hope that you enjoy your visit and that we will see you along the college basketball road again.

Before Your Visit

Game credentials are issued to accredited members of the media only. Working space in the press area of Cole is limited and seats are expressly reserved for those working on deadline, with no exceptions. Children and other non-workers are not allowed in the press area. Credentials should be ordered at least one week before each game and are issued through the Media Relations Office. Requests for credentials should be made in writing and on letterhead stationery to Stephanie Mociun in the Media Relations office. If it is convenient for you to FAX your request, you are welcome to do so. The FAX number in the Media Relations Office is (301) 314-9094. These requests are accepted from Sports Editors and Sports Directors only. The credential requests should be sent so that they reach the Media Relations Office at least one week prior to the desired games. They are carefully screened to insure good working conditions in the press area. When time permits, a working press pass and a parking pass will be mailed. When this is not possible, they will be left at the Press Will Call entrance at the back door of Cole. The back door of Cole directly faces Byrd Stadium.

Photographers, too, should make their credential requests at least one week in advance. Credential requests for photography passes are welcome. Photographers should note that the Cole Field House lights are color balanced for daylight. An exposure setting of 250 at f2.8 has been found to work well with ASA 400 film and normal processing. Strobe lights may be installed in Cole, but arrangements must be made though the Media Relations Office two weeks in advance. Space for strobe lights is available on a first come, first served basis.

Game Day Press Parking is located on the Byrd Stadium promenade, under the Tyser Tower press box. The promenade is best accessed from the Stadium Drive entrance to campus. Access is via press parking pass only and is available on an extremely limited basis.

Media Work Room

A press work room is available for working media only on the court level of Cole. The media workroom is located just off of the basketball court to your left. A limited number of long distance phone lines are available on a first-come, first serve basis and require a credit card for billing.

The room opens well before game time and media representatives are welcome to make themselves comfortable. Food service is available to the media in the press room as a pre-game meal is served buffet style for weekday and tournament games.

Fax Machine Service

Fax machine service will be available. If you need any information faxed to your newspaper, please submit your request to a member of the Media Relations Office.

Press Seating

Press seating is located on the basketball floor in the northwest corner of the arena. The area is manned by members of the Media Relations Office throughout the game. The Media Relations staff desires to help the media be as comfortable as possible during each game.

Photographers

The NCAA has established a policy to control congestion in the photography areas on the basketball court. Only photographers on assignment, along with members of working television media, are given photo passes. Admission to the court and the photo boxes is by photo pass only. Photographers, both still and electronic, must shoot from the baselines at the northwest (Maryland bench end/directly in front of press seating) and southeast (visiting bench) corners of the court. Photographer's floor access is governed by Atlantic Coast Conference policy. Please note that only game photographers (no runners, assistants or producers) will have access to the photography areas. Photographers are also welcome to shoot from the photo deck on the west side of Cole. Access to the photo deck is from the concourse level opposite the team benches. Photographer positions are at the complete discretion of the basketball game officials and the Media Relations Office AT ALL TIMES. Failure to comply with their directions will result in expulsion from the arena.

In-Season Interview Policies

All Maryland players and head coach Chris Weller will be available for interviews with accredited members of the media throughout the season. ALL INTERVIEW REQUESTS must be made through the Media Relations Office, contacting Stephanie Mociun. Please give a minimum of 24 hours notice. Postgame Statistics

Statistics packets, including running play-by-play, first half and final boxscores and post-game notes and quotes, are compiled following every game and made available to the media at press row and in the press room.
